# Jennifer Marett

Part I Architectural Assistant.

I am a dedicated and creative student, from the Welsh School of Architecture, committed to everything I do. I face challenges confidently and enjoy evolving designs to create imaginative outcomes with technically sound solutions. I am interested in the architectural concepts/initiatives, reflected in the range of styles explored throughout my portfolio, exploring the technical analysis of buildings as well as the design process and master planning. I am keen to continue developing the depth and breadth of this knowledge throughout my time as an architectural assistant.

## Experience

**Work placement at LOM Architecture and Design.** Involvement within the design team and experience with technical programmes to help develop design skills appropriate for use in practice.

**Work experience at Buro Happold engineering, with the Facades team.** This gave me insight into the technical aspects of the design and thought processes which go into a building project of different sizes and scales.

**Summer employment waitressing and bartending at Royal Dart Yacht Club 2016-Present.** Being part of the front of house, I work well in a team and this employment has given me the chance to develop professional relationships with both older and younger members of staff.

**Lifeguarding at Bushey Grove Leisure Centre 2016-2018.** My part-time work meant I experienced dealing with a wide range of customers and am therefore proficient in compromising in order to keep good brand reputation.

**Volunteer swimming teacher assistant for Bushey ASC 2014-2018.** Developing leadership skills by leading a team of volunteers as Captain at BASC where communication and delegation were key to keeping events running smoothly and ensuring swimming lessons were safe and successful.
